

PACKAGING AS LIGHT AS AIR

THE LIGHTWEIGHT MAILING BAGS WITH SHOCK ABSORBER

AirPro bubble bags offer excellent protection for sensitive goods. This popular packaging is as light as air and as protective as a pillow. The outer layer made of robust FSC® kraft paper offers high tear resistance, while the strong air cushion is shock and water resistant. **AirPro** is the ideal solution for anything that needs to be protected in the mail.

ALL-ROUND PROTECTION

Benefit from multiple protection: On the outside, a strong FSC® kraft paper ensures stability. Inside, a resilient air cushion absorbs every shock and keeps moisture out. The edges are tightly welded so they won't burst. Completely safe!

The high-quality kraft paper makes your shipment stand out from the rest and can be printed with your design. **AirPro** protects shock-sensitive goods such as gifts, promotional items, samples, spare parts, CDs/DVDs, accessories, electrical parts...
